**Report Jan-April 2023**

**Dear brother and Sisters,**

All the brothers and sisters here send you greetings. Greet one another with a holy kiss. **1 Corinthians 16.20**

I led them with cords of human kindness, with ties of love. To them I was like one who lifts a little child to the cheek, and I bent down to feed them. **Hosea 11:4**

One of the greatest joys we have is to see people surrender to Jesus in the waters of baptism and see how happy they feel for having made that decision. There is nothing that can pay for that moment when people come out of the water full of happiness saying that they have victory in Christ. What a privilege it is to see people of all ages come to Christ!.

**Matthew 20:16** "So the last will be first, and the first will be last."

# 2023 Sharing the Gospel

Here at Impact we have many ways to help people. We want to help them with the real problems they face. Problems of family crises, migration, unemployment and things like addictions, and substance abuse. While we do that we preach the gospel to them, what we really want is to wash the feet of all those who cross the doors of our buildings so that they see Jesus in us and thus surrender to Jesus. This is sometimes a quick and easy process, other times it takes a long time. For example, in the case of Lidia, she is a woman who came for help years ago because her husband had beaten her and so he was in jail for that reason. I went to visit him in jail and then he came out and we started a Bible study for several weeks. Unfortunately he decided that they no longer wanted to continue, and I no longer saw them. Nowadays, there is an elderly couple that I am studying the Bible with and they said that they had a daughter who had lost both of her legs because of diabetes. So she was seriously ill in the hospital, so I went to visit her and to my surprise it was the same woman who 8 years ago was in my office studying the gospel with her husband. Now her husband abandoned her and she is still at home struggling with the consequences of being seriously ill and very willing to study the Bible with me. Now she is attending the church. God has multiple ways of bringing his children to his feet.

This is a Family who came a year ago from Colombia. The mom

passed away from cancer. We did support this family in their process when she was dying and four of them got baptized.

I am still working with them. The Cardenas family is a great family. They are serving in many ways. Pray for them.

We are very happy because God has been doing amazing things these past few months. He has been bringing many of his children into his kingdom and many have been baptized. Last year 52 people gave their lives to Christ by getting baptized, and in these four months of this year we have had 49 baptisms. At Impact we believe that these are all works of God, and that we are not able to convince anyone. The people that are baptized don't do it because we are good or because we are persuasive. We are simply ambassadors of the Good News that Jesus saves and is ready to receive those who believe.

We are doing the best we can to continue serving these new brothers and sisters in Christ, as we know that it takes a village to raise a child and it is the same with these new Christians. We are also continuing our efforts to preach, not with pressure, manipulation, or coercion, but rather with the love of Jesus. Please pray for our efforts!"

This work is not ours, it is about what God can do to convince a person of His love, we cannot convert anyone, that is the work of the Holy Spirit.

Several people come to the waters... We're amazed by God's grace

### **Reaching all Nations!**

We did a evangelistic event. We call it "Cuban dinner". We noticed a lot of Cubans are coming to Impact our food pantry. It was so good, we shared the gospel and enjoyed an amazing fellowship. Thank God we are able to do this!

## Watering the seed

We are very busy evangelizing, discipling and following up on each person who has given themselves to Christ. Please continue to pray for what is happening here at Impact.

# The Ingles family

Important things are happening in the lives of our children. Caleb has already lost his first tooth and can now ride his bike without the support wheels, Chelsea is learning to read quickly and Cindy is fine. Our family is grateful to be an active family in the ministry of the Word of God, and we want to continue growing so that more people know the love of God in Christ.

***Thank you for your love and for all that you have done and provided to make this happen. We humble ourselves for God's grace. Your support in prayers is greatly appreciated.***

***The grace of the Lord Jesus be with you. My love to all of you in Christ Jesus. Amen. 1 Corinthians 16.20***

***In him Carlos & Cindy Inglés***
